We support the basic aim of REACH in improving the protection of human health and the environment through the better and earlier identification of the intrinsic properties of chemical substances. We will meet all REACH requirements and is committed to provide our customers with information about substances in our products according to existing and future REACH requirements.

The referenced company name products are categorized as “articles” under the REACH Regulation.

- It is not intended that our products release substances during normal and reasonably foreseeable conditions of use.
- Regarding the Substances of Very High Concern (SVHC) candidate list, the above referenced products do not contain more than >0.1% by weight per article of any substance on latest candidate list of SVHC (209) as of **25 June 2020**

The status of the candidate list will continue to be monitored, including the possible need under Article 33 of REACH to inform product recipients and consumers if an article contains more than >0.1% by weight per article of any substance that is added to the SVHC candidate list in the future.

- Our products do not contain any substances on the Authorisation List and substances restricted under REACH (REACH Annex XIV and REACH Annex XVII), and all new substance to be included on the mentioned list in the future.
